At Rockland Trust, we are committed to investing in the communities we serve by providing financial education, charitable giving, business development and funding for affordable housing. Here are just a few examples of the relationships our local teams have built within the neighborhoods we serve:

Provided a \$45 MM loan toward a mixed-use redevelopment project for the City of Quincy as part of their "Urban Revitalization and Development Plan."

Provided an \$11.3 MM loan to a nonprofit organization to construct a 47-unit affordable housing project for senior citizens in South Boston.

Provided Capital commitments to South Eastern Economic Development (SEED) to support small businesses with counseling services for existing and prospective businesses in Massachusetts and Rhode Island.

Over 140 of our employees speak a second language. This enhances accessibility to banking products and services and promotes economic inclusion among those whose second language is English.

Our employees have devoted their time to over 100 organizations that support housing programs, community services, economic development and financial literacy programs.
